

InmoSolar Málaga 2009

SPONSORSHIP POSSIBILITIES

Spain needs sustainable growth. Be part of it!

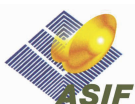

In the last two years InmoSolar Malaga Exhibition and Congress has strengthened its position as a leading event in the Spanish renewable energies market, attracting professionals not only from this sector but also investors, construction and development companies, civil service officials and citizens aware of the importance of sustainable growth.

As InmoSolar is held parallel to SIMed (Mediterranean Real Estate Exhibition) it takes advantage of the synergies between the building and renewable energy industries – a unique opportunity for the promotion of your company. At InmoSolar you can reach investors, industrial users, local authorities and end users all at the same time, making the most of your investment.

In 2008, more than 300 professionals from different industries and officials from Spanish local government environmental departments participated in the Technical Conferences. The forums especially tailored to end users needs attracted over a 100 people. Added a thousand professional InmoSolar visitors from the renewable energies sector, together with 16.000 SIMed visitors equals 17.400 potential business contacts.

Interested in leaving your mark on the Spanish renewable energies sector, reaching out to a constantly growing market? On the following pages you will find sponsorship possibilities that will help you develop your business ventures in an environment with diverse renewable energy sources and great potential.
